Secure Document Destruction

EARTH DAY EVENT

Starting on April 22nd, Shredability will be holding several events for collecting and shredding documents. Find a convenient location near you listed below!

Shredding confidential files not only protects your identity, but also aids in the recycling process that helps the earth!

By shredding 1 ton of paper, we can save 7,000 gallons of water and 3 cubic yards of landfill space.

Bring documents for destruction, such as: bank and credit card statements, tax returns, papers with account numbers or social security numbers.

DO NOT bring non-confidential papers such as circulars, junk mail, computer disks or credit cards.
